ProLite E483S | 19"

The ProLite E483S offers it all; a solid feature set, a three year on-site UK warranty and at just £219 ex VAT, superb value for money. An 8msec response time and 650:1 contrast ratio ensures that video and gaming are just two of the applications that will suit the ProLite E483S, but it will also out-perform other entry level models when being used for office applications and general use. Extra features include dual inputs (VGA & DVI-D) and integrated stereo speakers.

Megapixel describes the size of your desktop and therefore the amount of information your display can show. A lcd with a physical resolution of 9.2 mega pixels (3840 x 2400) can show 6 times more information than a display with 1.3 mega pixels (1280 x 1024). That means your desktop is about 600 percent bigger.
